Allianz Capital

Insurance designed for people like you, who want good financial planning for their savings: for their life, for their retirement, for their family...

If you'd like to obtain a greater return on your savings.

Flexibility in drawing down payments

If you need to plan your current periodic income

If you need periodic but irregular income

If you need to have extra income in the future for possible situations of illness or dependency.

If you'd like to transfer money to your children

Features

- 1 Liquidity:** From the first month
- 2 Profitability:** Adapted to the market situation
- 3 Flexibility:** Better than traditional income, with the possibility of deferral so you can start drawing down as much as you like.

Allianz Capital guarantees a predefined return, year after year and renewable, so that you can make plans without fear of making mistakes.

All these features make Allianz Capital a fantastic, convenient, profitable and flexible financial planning tool. Allianz Capital adapts to your needs every time.

Which customers is the product best suited to?

Customers with a conservative profile

Those who invest in a medium-term product to manage their assets

Those who want to protect their savings

Customers who want to receive a periodic amount over a period of time

Those interested in tax advantages

Those planning their retirement

Benefits of Allianz Capital

With this product, you can **plan your savings securely, profitably and flexibly** while also enjoying **tax benefits**.

Designed for people paying a **single premium** who wish to drawdown periodically according to the drawdown percentage and selected frequency.

With the greatest **flexibility**, you can invest and enjoy your savings in the most convenient way for you. You can **change your conditions** as best suits you and with **no complicated procedures**, always within the limits established by the Company.

Guaranteed return during the first policy year. A new interest rate applicable to the next policy year will be defined annually and in advance.

Risk Coverage: in the event of **death**, the designated beneficiaries will receive the **Available Balance** of the policy at that time, **with an additional €300**.

The product offers **tax benefits** during the lifetime as well as after death.

How does the product work?

Investment

You can make a **single premium contribution** from €15,000

Drawdown plan

You can choose which drawdown plan best suits your needs by deciding:

The **initial investment** percentage that you would like to receive periodically.

The **frequency** with which you would like to receive the **drawdowns**.

When you would like to start drawing down.

Profitability

In the **first year, return is defined** from the first moment.

In **successive years**, Allianz will inform you of the return adapted to the market situation each year.

You **will obtain returns every month** that will make your accumulated balance grow.

Liquidity

If you need liquidity in addition to the periodic drawdowns, you can request it from the first month.

Total or partial.

From the end of the second year + 30 days and each subsequent year, you can enjoy your balance if you need it with full guarantee.
